Open to the Public

The St Ignace Municipal Marina is open to the public. We invite you, your family and friends to come and experience our historic Moran Bay, the Straits of Mackinac, the City of St. Ignace's 19th-century atmosphere, Mackinac Island, and Lake Huron. We try to accommodate all cruise-ins, but our summer season can get very busy, so please consider making a reservation to ensure a slip during your stay.
